Lawn pesticides may do damage to more than our water!!!

This photo is from a Boston Globe article about why more and more young people are being diagnosed with cancer. These same toxins/pesticides, when applied to our lawns migrate into our salt water. Now they may be causing cancer too!!!!

## With early-onset cancers on the rise, a focus on toxins

MATTHEW J. LEE/GLOBE STAFF/FILE

Certain pesticides have been linked to thyroid cancer, but many other factors may be in play.
